## National Preparedness Month

Did you know September is National Preparedness Month?

Do you know how your family, business, or school would respond in the event of an emergency?

The Asheville Regional Airport Authority supports the U.S. Department of Homeland Security in urging citizens to plan for emergencies.

**Here's what you can do** to become more prepared in the event of a natural disaster or potential terrorist threat:

- Ask questions like:
  - "In the event of an emergency, do we have everyone's contact numbers and an out-of-town contact?"
  - "Is there a designated place for everyone to meet outside of the home/business and neighborhood?"
  - "What is the evacuation location of my child's school?"
- Develop a family emergency plan
- Create an emergency kit that includes:
  - Water
  - Food
  - Battery-powered radio
  - Flashlight
  - First Aid kit (for a complete list of recommended items, visit [www.ready.gov](http://www.ready.gov))
  - Important phone numbers
  - Copies of important papers

These simple preparations will give you and your family or business the confidence to act decisively and wisely in the event of a disaster.
