### Check Us Out at Bele Chere

The Asheville Regional Airport will have a booth at this year's Bele Chere Festival in downtown Asheville in front of the BB&T building. Stop by to say hello and pick up some AVL gear.

### Parking Info

Parking at Asheville Regional Airport is easy!

If your travels will be more than 24 hours, plan to park in Long Term Parking for only \$7.00 per 24 hours.

If your vehicle will be parked for less than 24 hours, follow the signs to Short Term Parking, where the first 20 minutes are free and one hour is just \$2.00.

## AVL Sponsors WNC Nature Center Butterfly Exhibit

The Asheville Regional Airport Authority proudly sponsors the Western North Carolina Nature Center's Beauty of Butterflies Exhibit. Butterflies were released into the screened-in exhibit area June 29 to be enjoyed by visitors starting June 30.

For more information visit [www.wildwnc.org](http://www.wildwnc.org).

## Great Changes at AVL

Summer is a season of change for the Asheville Regional Airport, where many construction projects are underway to bring higher levels of customer service and security.

The bag claim area of the airport will undergo a transformation, with new bag carousels being constructed. The two new carousels will replace the current carousel and will allow bags to stay inside the building after their initial arrival on the conveyor belt, providing better security for airport passengers.

Travelers will also notice changes taking place in the B-Boarding Gate area of the terminal. New boarding ramps are being installed that will allow passengers to walk from the terminal to the plane without being exposed to the elements.

A new Rental Car Ready Facility is also in progress. The facility will allow the rental car agencies to better care for rental vehicles and provide more efficient customer service, as well as open up additional parking for passengers.

## Free WiFi at Asheville Regional Airport

Today's travelers are making the most of their time at the airport, doing everything from checking e-mail to downloading music. Asheville Regional Airport's free wireless internet service is making it more convenient than ever to accomplish more while on the go.

With wireless internet access throughout the terminal, passengers can flip open the laptop at the coffee shop, in the bar, or at the gate. Not only does this help passengers be more productive, it also provides a way to pass the time and make the travel experience more user-friendly.

So next time you've got e-mail to send and a plane to catch, remember Asheville Regional makes it easy.

---

## Employment at Asheville Regional

Employment information for the Airport *Authority* is always posted on our website at [www.flyavl.com](http://www.flyavl.com). Just follow the links to Airport Administration > Employment.

Airport tenants such as car rental agencies, airlines, food vendors, etc., all hire independently.

For tenant contact information, visit [www.flyavl.com](http://www.flyavl.com) and follow the links to Airport Info > Tenants.

## Do You Know the 3-1-1?

**For your carry-on only, all liquids and gels need to be:**

- In **3-ounce** or smaller containers
- Placed into a **1-quart** re-sealable plastic bag
- **One** (1) bag per passenger

These re-sealable bags need to be removed from your carry-on and declared to TSA representatives as you move through the security checkpoint.

There is no limit to the amount of liquids or gels you may pack in your checked luggage, but there are some restrictions as to the types of liquids allowed.

Visit

[www.tsa.gov](http://www.tsa.gov) for more information.
